**HEALTHCARE
PARTNERS AND
LEADERS**

The Memphis Medical Society is a non-profit, physician-exclusive, membership organization dedicated to uniting and supporting physicians in Shelby County through advocacy, wellness initiatives, education and practice support.

Through engagement opportunities, such as Women in Medicine events, Residency Receptions, Day on the Hill in Nashville and member meetings, our physicians gain networking, legislative influence and resources to enrich their personal and professional lives.

As a membership partner with Tennessee Medical Association, our physicians gain a statewide resource that expands local offerings, gives legal guidance and offers educational opportunities.

The Memphis Medical Society is the premier organization for Shelby County physicians with a statewide reach.

The Memphis Medical Society

Dear Community Partner,

Here at **The Memphis Medical Society**, our goal is to support and provide services to our physician-exclusive membership.

We believe that one aspect of achieving this is partnering with other organizations that can also benefit our members.

We see your business as a natural partner for us, as we both offer products and services that may be of interest to our physicians.

There are several ways to interact with our membership from print materials and email marketing to face-to-face small group sessions and our full-membership gala.

We are also happy to cater to your sponsorship commitment level and investment return goals by creating a custom partnership package for you.

We look forward to working with you and introducing our physicians to your business.

Sincerely,

Clint Cummins
Executive Vice President
